

Therapeutic Intervention

Course Overview

Program Outcomes

PO1

Graduates will develop a critical and interdisciplinary understanding of social structures, inequalities, and systemic challenges, enabling them to design and implement effective social work interventions.

PO2

They will apply advanced social work theories, frameworks, and evidence-based practices to engage with individuals, families, groups, and communities at micro, meso, and macro levels.

PO3

Graduates will demonstrate professional competencies in clinical social work, community organization, policy advocacy, and participatory development, addressing diverse social issues.

PO4

They will uphold ethical principles, social justice, and human rights in their professional practice, ensuring dignity, inclusivity, and accountability in all interventions.

PO5

Graduates will integrate research methodologies, policy analysis, and program evaluation to enhance the effectiveness of social work interventions and contribute to knowledge production in the field.

PO6

They will critically assess and influence social policies, welfare programs, and governance structures to advocate for legislative reforms and rights-based approaches for marginalized communities.

PO7

Graduates will develop leadership, entrepreneurial, and management skills to design, implement, and sustain social initiatives, working collaboratively with multidisciplinary teams and stakeholders.

Course Outcomes

- | | |
|------------|--|
| CO1 | To understand the application of basic counseling skills ethically and safely. |
| CO2 | To Analyse various counseling approaches, including person-centered perspectives, Feminist Counselling, Greif Counselling by identifying their foundational principles and theoretical frameworks. |
| CO3 | To understand and apply theoretical frameworks, principles Counselling Qualities and Skills of a Counsellor , to structure effective counseling sessions. |
| CO4 | To critically assess the relevance and applicability of theoretical knowledge in addressing diverse counseling contexts within a theoretical framework. |

COURSE OVERVIEW | MSW

Communication Skills

Course Overview

Program Outcomes

PO1

Graduates will develop a critical and interdisciplinary understanding of social structures, inequalities, and systemic challenges, enabling them to design and implement effective social work interventions.

PO2

They will apply advanced social work theories, frameworks, and evidence-based practices to engage with individuals, families, groups, and communities at micro, meso, and macro levels.

PO3

Graduates will demonstrate professional competencies in clinical social work, community organization, policy advocacy, and participatory development, addressing diverse social issues.

PO4

They will uphold ethical principles, social justice, and human rights in their professional practice, ensuring dignity, inclusivity, and accountability in all interventions.

PO5

Graduates will integrate research methodologies, policy analysis, and program evaluation to enhance the effectiveness of social work interventions and contribute to knowledge production in the field.

PO6

They will critically assess and influence social policies, welfare programs, and governance structures to advocate for legislative reforms and rights-based approaches for marginalized communities.

PO7

Graduates will develop leadership, entrepreneurial, and management skills to design, implement, and sustain social initiatives, working collaboratively with multidisciplinary teams and stakeholders.

Course Outcomes

- | | |
|------------|--|
| CO1 | Remember the definitions of communication, development communication, and various media types. |
| CO2 | Understanding communication barriers, methodologies, and frameworks for development communication. |
| CO3 | Analyzing the influence of media on target groups, media ethics, and values conveyed by advertisements and programs. |
| CO4 | Evaluating the effectiveness of media strategies, social marketing programs, and media planning processes. |
| CO5 | Applying media tools like IEC materials, simulations, and social networking for campaigns and field interventions. |

COURSE OVERVIEW | MSW

Health

Course Overview

Program Outcomes

PO1

Graduates will develop a critical and interdisciplinary understanding of social structures, inequalities, and systemic challenges, enabling them to design and implement effective social work interventions.

PO2

They will apply advanced social work theories, frameworks, and evidence-based practices to engage with individuals, families, groups, and communities at micro, meso, and macro levels.

PO3

Graduates will demonstrate professional competencies in clinical social work, community organization, policy advocacy, and participatory development, addressing diverse social issues.

PO4

They will uphold ethical principles, social justice, and human rights in their professional practice, ensuring dignity, inclusivity, and accountability in all interventions.

PO5

Graduates will integrate research methodologies, policy analysis, and program evaluation to enhance the effectiveness of social work interventions and contribute to knowledge production in the field.

PO6

They will critically assess and influence social policies, welfare programs, and governance structures to advocate for legislative reforms and rights-based approaches for marginalized communities.

PO7

Graduates will develop leadership, entrepreneurial, and management skills to design, implement, and sustain social initiatives, working collaboratively with multidisciplinary teams and stakeholders.

Course Outcomes

- | | |
|------------|---|
| CO1 | Remember the concepts of health, wellness, and dimensions of health, including determinants and disparities |
| CO2 | Applying knowledge to create community health action plans and educational materials for health awareness. |
| CO3 | Understanding and analysing the linkage between health and development, including the impact of socio-economic and demographic factors. |
| CO4 | Analyzing health disparities related to caste, gender, age, and migration. |
| CO5 | Evaluating health reforms, health policies, out-of-pocket expenses, and the role of health insurance in addressing health disparities. |

COURSE OVERVIEW | MSW

Informal Labour and Informal Sector

Course Overview

Program Outcomes

PO1

Graduates will develop a critical and interdisciplinary understanding of social structures, inequalities, and systemic challenges, enabling them to design and implement effective social work interventions.

PO2

They will apply advanced social work theories, frameworks, and evidence-based practices to engage with individuals, families, groups, and communities at micro, meso, and macro levels.

PO3

Graduates will demonstrate professional competencies in clinical social work, community organization, policy advocacy, and participatory development, addressing diverse social issues.

PO4

They will uphold ethical principles, social justice, and human rights in their professional practice, ensuring dignity, inclusivity, and accountability in all interventions.

PO5

Graduates will integrate research methodologies, policy analysis, and program evaluation to enhance the effectiveness of social work interventions and contribute to knowledge production in the field.

PO6

They will critically assess and influence social policies, welfare programs, and governance structures to advocate for legislative reforms and rights-based approaches for marginalized communities.

PO7

Graduates will develop leadership, entrepreneurial, and management skills to design, implement, and sustain social initiatives, working collaboratively with multidisciplinary teams and stakeholders.

Course Outcomes

- | | |
|-----|---|
| CO1 | Remember the definitions and concepts of informal sector, informal employment, and related legislation. |
| CO2 | Understanding the causal factors for the exploitative nature of informal labor, including gender and caste dynamics. |
| CO3 | Analyzing the impact of economic reforms, migration, and working conditions in urban and rural informal sectors. |
| CO4 | Evaluating the effectiveness of interventions like financial inclusion schemes and campaigns for legislative changes for informal sector. |
| CO5 | CO5Applying knowledge of labor laws, government schemes, and NGO interventions to address informal sector issues. |

COURSE OVERVIEW | MSW

Integrated Social Work Practice

Course Overview

Program Outcomes

PO1

Graduates will develop a critical and interdisciplinary understanding of social structures, inequalities, and systemic challenges, enabling them to design and implement effective social work interventions.

PO2

They will apply advanced social work theories, frameworks, and evidence-based practices to engage with individuals, families, groups, and communities at micro, meso, and macro levels.

PO3

Graduates will demonstrate professional competencies in clinical social work, community organization, policy advocacy, and participatory development, addressing diverse social issues.

PO4

They will uphold ethical principles, social justice, and human rights in their professional practice, ensuring dignity, inclusivity, and accountability in all interventions.

PO5

Graduates will integrate research methodologies, policy analysis, and program evaluation to enhance the effectiveness of social work interventions and contribute to knowledge production in the field.

PO6

They will critically assess and influence social policies, welfare programs, and governance structures to advocate for legislative reforms and rights-based approaches for marginalized communities.

PO7

Graduates will develop leadership, entrepreneurial, and management skills to design, implement, and sustain social initiatives, working collaboratively with multidisciplinary teams and stakeholders.

Course Outcomes

- | | |
|------------|---|
| CO1 | Remember the ecological models, paradigms, and major frameworks such as strengths-based and rights-based approaches. |
| CO2 | Understanding the micro, meso, and macro levels of intervention within ecological and integrated social work practice. |
| CO3 | Analyze the structural inequalities and ethical dilemmas in social work, including casteism, sexism, and corporatization. |
| CO4 | Evaluating the effectiveness of integrated and ecological approaches in addressing local and global social issues. |
| CO5 | Apply the systems theory and integrated models for problem-solving and community interventions. |

COURSE OVERVIEW | MSW

Mental Health

Course Overview

Program Outcomes

PO1

Graduates will develop a critical and interdisciplinary understanding of social structures, inequalities, and systemic challenges, enabling them to design and implement effective social work interventions.

PO2

They will apply advanced social work theories, frameworks, and evidence-based practices to engage with individuals, families, groups, and communities at micro, meso, and macro levels.

PO3

Graduates will demonstrate professional competencies in clinical social work, community organization, policy advocacy, and participatory development, addressing diverse social issues.

PO4

They will uphold ethical principles, social justice, and human rights in their professional practice, ensuring dignity, inclusivity, and accountability in all interventions.

PO5

Graduates will integrate research methodologies, policy analysis, and program evaluation to enhance the effectiveness of social work interventions and contribute to knowledge production in the field.

PO6

They will critically assess and influence social policies, welfare programs, and governance structures to advocate for legislative reforms and rights-based approaches for marginalized communities.

PO7

Graduates will develop leadership, entrepreneurial, and management skills to design, implement, and sustain social initiatives, working collaboratively with multidisciplinary teams and stakeholders.

Course Outcomes

- | | |
|-----|---|
| CO1 | Recognize mental health disorders, their causes, and treatment approaches. |
| CO2 | Explain the role of social determinants in shaping mental health outcomes. |
| CO3 | Critically examine policies and laws for accessibility and availability of mental health services. |
| CO4 | Apply provisions of legal frameworks and intervention models with an emphasis on person-centered/strengths-based and recovery-oriented model in the promotion of mental health across various settings. |

COURSE OVERVIEW | MSW

Rural and Urban Studies

Course Overview

Program Outcomes

PO1

Graduates will develop a critical and interdisciplinary understanding of social structures, inequalities, and systemic challenges, enabling them to design and implement effective social work interventions.

PO2

They will apply advanced social work theories, frameworks, and evidence-based practices to engage with individuals, families, groups, and communities at micro, meso, and macro levels.

PO3

Graduates will demonstrate professional competencies in clinical social work, community organization, policy advocacy, and participatory development, addressing diverse social issues.

PO4

They will uphold ethical principles, social justice, and human rights in their professional practice, ensuring dignity, inclusivity, and accountability in all interventions.

PO5

Graduates will integrate research methodologies, policy analysis, and program evaluation to enhance the effectiveness of social work interventions and contribute to knowledge production in the field.

PO6

They will critically assess and influence social policies, welfare programs, and governance structures to advocate for legislative reforms and rights-based approaches for marginalized communities.

PO7

Graduates will develop leadership, entrepreneurial, and management skills to design, implement, and sustain social initiatives, working collaboratively with multidisciplinary teams and stakeholders.

Course Outcomes

- | | |
|------------|--|
| CO1 | Remember the historical contexts of rural and urban development, such as the industrial revolution and agrarian crises. |
| CO2 | Understand the rural, urban, and tribal structures, systems, and issues such as migration, slums, and land displacement. |
| CO3 | Critically understand the knowledge of development programs like MGNREGA, NRLM, and JNNURM to address community-specific challenges. |
| CO4 | Evaluating the effectiveness of governance policies, tribal acts (PESA 1996, Forest Dwellers Act), and redevelopment schemes. |
| CO5 | Analyze the class disparities, caste dynamics, gender discrimination, and livelihood issues in rural, urban, and tribal communities. |

COURSE OVERVIEW | MSW

Social Inclusion and Exclusion

Course Overview

Program Outcomes

PO1

Graduates will develop a critical and interdisciplinary understanding of social structures, inequalities, and systemic challenges, enabling them to design and implement effective social work interventions.

PO2

They will apply advanced social work theories, frameworks, and evidence-based practices to engage with individuals, families, groups, and communities at micro, meso, and macro levels.

PO3

Graduates will demonstrate professional competencies in clinical social work, community organization, policy advocacy, and participatory development, addressing diverse social issues.

PO4

They will uphold ethical principles, social justice, and human rights in their professional practice, ensuring dignity, inclusivity, and accountability in all interventions.

PO5

Graduates will integrate research methodologies, policy analysis, and program evaluation to enhance the effectiveness of social work interventions and contribute to knowledge production in the field.

PO6

They will critically assess and influence social policies, welfare programs, and governance structures to advocate for legislative reforms and rights-based approaches for marginalized communities.

PO7

Graduates will develop leadership, entrepreneurial, and management skills to design, implement, and sustain social initiatives, working collaboratively with multidisciplinary teams and stakeholders.

Course Outcomes

- | | |
|-----|--|
| CO1 | To understand the concepts of social exclusion, inclusion, types and factors responsible for social exclusion. |
| CO2 | To remember constitutional provisions, policies, and commissions for inclusion in India to strengthen knowledge of legal frameworks supporting marginalized communities. |
| CO3 | To analyze the impact of exclusion on marginalized groups and the effectiveness of policies to develop critical thinking about social inequalities. |
| CO4 | To apply frameworks like SDGs, human development indicators, and advocacy strategies for inclusion to promote effective intervention practices. |
| CO5 | To evaluate the role of social movements, legal reforms, and international frameworks in promoting social inclusion to foster comprehensive understanding of advocacy. |

COURSE OVERVIEW | MSW

Sustainable Development and Environment

Course Overview

Program Outcomes

PO1

Graduates will develop a critical and interdisciplinary understanding of social structures, inequalities, and systemic challenges, enabling them to design and implement effective social work interventions.

PO2

They will apply advanced social work theories, frameworks, and evidence-based practices to engage with individuals, families, groups, and communities at micro, meso, and macro levels.

PO3

Graduates will demonstrate professional competencies in clinical social work, community organization, policy advocacy, and participatory development, addressing diverse social issues.

PO4

They will uphold ethical principles, social justice, and human rights in their professional practice, ensuring dignity, inclusivity, and accountability in all interventions.

PO5

Graduates will integrate research methodologies, policy analysis, and program evaluation to enhance the effectiveness of social work interventions and contribute to knowledge production in the field.

PO6

They will critically assess and influence social policies, welfare programs, and governance structures to advocate for legislative reforms and rights-based approaches for marginalized communities.

PO7

Graduates will develop leadership, entrepreneurial, and management skills to design, implement, and sustain social initiatives, working collaboratively with multidisciplinary teams and stakeholders.

Course Outcomes

- | | |
|------------|---|
| CO1 | Remember the key protocols, laws, and frameworks like UNFCCC, Indian Forests Act 2019, and PESA. |
| CO2 | Understanding the socio-environmental challenges in rural (land, water, forest) and urban (housing, waste management) contexts. |
| CO3 | Evaluating the effectiveness of environmental laws, regulatory bodies, and NGO interventions in fostering sustainability. |
| CO4 | Applying sustainable development frameworks, protocols, and government action plans to real-world scenarios. |
| CO5 | Analyzing the impact of climate change, deforestation, and development-induced displacement. |
