There are increasing opportunities of employment for social workers in the areas of Social Research, Media, Corporate Social Responsibility, and in Legal Aid Cells also. The PhD Programme of the College began in the year 1996 this prospectus will give you detailed information of the PhD programme which might help you in your decision to pursue PhD from our college.

I wish you all the best and look forward to welcoming you to our Institution.

Dr. Lidwin Dias

Principal

ABOUT THE COLLEGE

The College has shaped its vision in tune with the spirit of its founders to contribute to building up of a new social order in India based on human dignity and social justice. The College constantly stands by its commitment to work with a preferential option to the vulnerable and exploited groups in the society, to ensure their development and empowerment. As an academic institution, the College strives to build a cadre of professional social workers, irrespective of caste, creed, language and sex.

Vision and Mission is as follows:

- Contribute to building a new social order based on human dignity and social justice.
- Work with a preferential option for the vulnerable and exploited, both locally and globally.
- Build a cadre of young, competent professionals having a global perspective and a strong value base of compassion, personal integrity, moderation, tolerance and self-respect.

History

College of Social Work was founded in 1955 by a religious society of Catholic Christian women, known as The Daughters of the Heart of Mary, whose charisma is to readily respond to felt needs of the people according to the signs of times. In the years following the independence of India, the founders discerned that the nation's struggle for development would be served not so much by material relief as by sensitive social concern and insightful committed action. Accordingly, the College was born to realize their dream.

The Institute of Social Service managed the College till the year 1978. Since 1978, the Nirmala Niketan Institute has become the parent body of the College. The Institute awarded its own Diploma in Social Work till 1965. The college sought affiliation with University of Bombay in 1969 and the MSW program was offered as a PG program under the Faculty of Arts. Realizing the need to respond to professional interventions at grassroots levels, the College also started its university recognized three-year BSW program in 1971. The University of Bombay recognized the College for registration of students for Ph.D. degree in Social Work from the year 1997. All these programs are revised periodically in order to ensure that the educational content is relevant to the social reality of contemporary life.

The Government of Maharashtra recognized College of Social Work as a Catholic Minority Institution in the year 1995. National Assessment and Accreditation Council (NAAC) awarded the College the FIVE STAR status for its academic excellence in 2001. The same body, after further inspection and appraisal re-accredited the College of Social Work at the A+ level with an Institutional Score of 93 per cent in March 2007, and in May 2015, college was awarded with A grade, corresponding to a CGPA of 3.53 on a scale of 4. The college received Autonomous status (academic) in the month of February 2019.

Professional Commitment

Over the years, the College has been evolving its specific commitments, which relate to all aspects of its functions – teaching, field instruction, research, administration, and field service projects. It encourages its teaching and non-teaching staff to get involved and contribute to the community through these services.

The primary emphasis of the curricular and co-curricular activities is on disadvantaged urban and rural population. The focus of the programs provides structural perspectives of issues affecting the slum, rural and tribal communities and also searches for various approaches of problem-solving processes. There is also a commitment to the problems of health, education and employment of disadvantaged groups and the need for improved delivery and adoption of a humane approach of social and development services for disadvantaged groups.

All full-time faculty members have a Master's Degree in Social Work (MSW) and are UGCNET qualified, and several also have an MPhil or a PhD. degree. Several visiting lecturers teach full courses (papers) as they contribute to the inter-disciplinary base of the curriculum. These visiting lecturers are drawn from the Social and Behavioural Sciences and from other professions such as law, medicine/mental health, etc. University recognized guides are available for the PhD programme in Social Work.
