

Wellness and Yoga

Course Overview

Program Outcomes

- | | |
|------------|---|
| PO1 | Graduates will critically analyze social realities, understand their changing dynamics, and actively engage in processes that contribute to positive social transformation. |
| PO2 | They will demonstrate an in-depth understanding of diverse communities, their unique challenges, and systemic inequalities, and advocate for social justice in their professional practice. |
| PO3 | Graduates will apply appropriate social work methods and strategies to effectively work with individuals, groups, and communities, addressing various social issues. |
| PO4 | They will embody professional social work values and ethics, ensuring integrity, respect, and accountability in all aspects of their practice. |
| PO5 | Graduates will develop problem-solving abilities and intervention strategies tailored to the needs of marginalized and vulnerable populations. |
| PO6 | They will integrate research and evidence-based knowledge to design, implement, and evaluate social work interventions effectively. |
| PO7 | Graduates will exhibit strong communication skills and the ability to collaborate with multidisciplinary teams to address social challenges holistically. |
| PO8 | They will demonstrate a commitment to lifelong learning, staying informed about emerging trends and practices in the field of social work. |

Course Outcomes

- | | |
|-----|---|
| CO1 | To remember the eight dimensions of wellness and definitions of yoga for foundational knowledge in personal health practices. |
| CO2 | To understand the linkage between lifestyle diseases, stressors, and wellness to promote informed health choices. |
| CO3 | To analyze the impact of unhealthy lifestyle choices and substance abuse on wellness for better health strategies. |
| CO4 | To evaluate the effectiveness of yogic principles and wellness strategies in community settings for improved public health. |
| CO5 | To apply yoga practices, stress management techniques, and relaxation methods for improved personal and community wellness. |

| PO8 | They will demonstrate a commitment to lifelong learning, staying informed about emerging trends and practices in the field of social work. |

Course Outcomes

CO1

Able to remember concepts, definitions and communicate clearly and competently on matters of environmental concern and understanding to a variety of audiences in appropriate forms.

CO2

Understand and explain the types of pollution, effects and ways to prevent these forms of pollution as well as discuss the misuse of natural resources, and its implications and identify interventions to address the same.

CO3

Critical analysis of the MDGs, SGDs, initiatives taken up by Govt and various other stakeholders and what more can be done for moving towards a sustainable lifestyle.

CO4

Apply the skills and knowledge learnt to conduct awareness sessions, research and analyse environmental issues scientifically and learn how to use those skills in applied situations in the field.

COURSE OVERVIEW | BSW

Field Work -i

Course Overview

Program Outcomes

- | | |
|------------|---|
| PO1 | Graduates will critically analyze social realities, understand their changing dynamics, and actively engage in processes that contribute to positive social transformation. |
| PO2 | They will demonstrate an in-depth understanding of diverse communities, their unique challenges, and systemic inequalities, and advocate for social justice in their professional practice. |
| PO3 | Graduates will apply appropriate social work methods and strategies to effectively work with individuals, groups, and communities, addressing various social issues. |
| PO4 | They will embody professional social work values and ethics, ensuring integrity, respect, and accountability in all aspects of their practice. |
| PO5 | Graduates will develop problem-solving abilities and intervention strategies tailored to the needs of marginalized and vulnerable populations. |
| PO6 | They will integrate research and evidence-based knowledge to design, implement, and evaluate social work interventions effectively. |
| PO7 | Graduates will exhibit strong communication skills and the ability to collaborate with multidisciplinary teams to address social challenges holistically. |
| PO8 | They will demonstrate a commitment to lifelong learning, staying informed about emerging trends and practices in the field of social work. |

Course Outcomes

- | | |
|------------|---|
| CO1 | Understand the concept and relevance of Fieldwork practicum in Social Work Education |
| CO2 | Understand the role of the social worker across various field settings |
| CO3 | Develop basic skills and techniques in need assessment and professional documentation. |
| CO4 | Apply tools, and techniques of social work practice and programme media learned in Fieldwork. |

COURSE OVERVIEW | BSW

Health and Nutrition

Course Overview

Program Outcomes

- | | |
|------------|---|
| PO1 | Graduates will critically analyze social realities, understand their changing dynamics, and actively engage in processes that contribute to positive social transformation. |
| PO2 | They will demonstrate an in-depth understanding of diverse communities, their unique challenges, and systemic inequalities, and advocate for social justice in their professional practice. |
| PO3 | Graduates will apply appropriate social work methods and strategies to effectively work with individuals, groups, and communities, addressing various social issues. |
| PO4 | They will embody professional social work values and ethics, ensuring integrity, respect, and accountability in all aspects of their practice. |
| PO5 | Graduates will develop problem-solving abilities and intervention strategies tailored to the needs of marginalized and vulnerable populations. |
| PO6 | They will integrate research and evidence-based knowledge to design, implement, and evaluate social work interventions effectively. |
| PO7 | Graduates will exhibit strong communication skills and the ability to collaborate with multidisciplinary teams to address social challenges holistically. |
| PO8 | They will demonstrate a commitment to lifelong learning, staying informed about emerging trends and practices in the field of social work. |

Course Outcomes

- | | |
|------------|--|
| CO1 | To recall types of nutrients and their sources to enhance foundational knowledge in nutrition. |
| CO2 | To understand the bio-psychosocial model of health to foster a holistic approach to well-being. |
| CO3 | To analyze factors affecting malnutrition in India and identify key issues in public health. |
| CO4 | To apply knowledge in planning low-cost, balanced meals using locally available foods to promote nutritional sustainability. |
| CO5 | To evaluate government nutritional programs like ICDS and POSHAN Abhiyan to assess their effectiveness in addressing malnutrition. |

COURSE OVERVIEW | BSW

Introduction To Social Work Methods

Course Overview

Program Outcomes

- | | |
|------------|---|
| PO1 | Graduates will critically analyze social realities, understand their changing dynamics, and actively engage in processes that contribute to positive social transformation. |
| PO2 | They will demonstrate an in-depth understanding of diverse communities, their unique challenges, and systemic inequalities, and advocate for social justice in their professional practice. |
| PO3 | Graduates will apply appropriate social work methods and strategies to effectively work with individuals, groups, and communities, addressing various social issues. |
| PO4 | They will embody professional social work values and ethics, ensuring integrity, respect, and accountability in all aspects of their practice. |
| PO5 | Graduates will develop problem-solving abilities and intervention strategies tailored to the needs of marginalized and vulnerable populations. |
| PO6 | They will integrate research and evidence-based knowledge to design, implement, and evaluate social work interventions effectively. |
| PO7 | Graduates will exhibit strong communication skills and the ability to collaborate with multidisciplinary teams to address social challenges holistically. |
| PO8 | They will demonstrate a commitment to lifelong learning, staying informed about emerging trends and practices in the field of social work. |

Course Outcomes

- | | |
|------------|--|
| CO1 | To understand social work as a profession and its guiding principles for developing a foundational knowledge of the field. |
| CO2 | To apply direct intervention skills such as case work , Group work , community organization to effectively address client needs. |
| CO3 | To analyze the overview of indirect methods such as research, administration, and social action in social work. |
| CO4 | To evaluate the effectiveness of various social work methods in practice to improve service delivery. |
