

Social Work With Groups

Course Overview

Program Outcomes

PO1

Graduates will develop a critical and interdisciplinary understanding of social structures, inequalities, and systemic challenges, enabling them to design and implement effective social work interventions.

PO2

They will apply advanced social work theories, frameworks, and evidence-based practices to engage with individuals, families, groups, and communities at micro, meso, and macro levels.

PO3

Graduates will demonstrate professional competencies in clinical social work, community organization, policy advocacy, and participatory development, addressing diverse social issues.

PO4

They will uphold ethical principles, social justice, and human rights in their professional practice, ensuring dignity, inclusivity, and accountability in all interventions.

PO5

Graduates will integrate research methodologies, policy analysis, and program evaluation to enhance the effectiveness of social work interventions and contribute to knowledge production in the field.

PO6

They will critically assess and influence social policies, welfare programs, and governance structures to advocate for legislative reforms and rights-based approaches for marginalized communities.

PO7

Graduates will develop leadership, entrepreneurial, and management skills to design, implement, and sustain social initiatives, working collaboratively with multidisciplinary teams and stakeholders.

Course Outcomes

- | | |
|------------|---|
| CO1 | To remember the historical development of group work as a social work method, demonstrating knowledge of key milestones and contributions. |
| CO2 | To explain group dynamics and their role in group settings by describing relevant theories and concepts. |
| CO3 | To analyze the stages of group development by identifying and examining key characteristics and processes at each stage. |
| CO4 | To apply group processes such as decision-making, conflict management, and communication to address challenges in group settings effectively. |

COURSE OVERVIEW | MSW

Family Centered Practice

Course Overview

Program Outcomes

PO1

Graduates will develop a critical and interdisciplinary understanding of social structures, inequalities, and systemic challenges, enabling them to design and implement effective social work interventions.

PO2

They will apply advanced social work theories, frameworks, and evidence-based practices to engage with individuals, families, groups, and communities at micro, meso, and macro levels.

PO3

Graduates will demonstrate professional competencies in clinical social work, community organization, policy advocacy, and participatory development, addressing diverse social issues.

PO4

They will uphold ethical principles, social justice, and human rights in their professional practice, ensuring dignity, inclusivity, and accountability in all interventions.

PO5

Graduates will integrate research methodologies, policy analysis, and program evaluation to enhance the effectiveness of social work interventions and contribute to knowledge production in the field.

PO6

They will critically assess and influence social policies, welfare programs, and governance structures to advocate for legislative reforms and rights-based approaches for marginalized communities.

PO7

Graduates will develop leadership, entrepreneurial, and management skills to design, implement, and sustain social initiatives, working collaboratively with multidisciplinary teams and stakeholders.

Course Outcomes

- | | |
|------------|--|
| CO1 | Understanding Family as an evolving & dynamic entity. |
| CO2 | Analyse families within the backdrop of various theoretical frameworks. |
| CO3 | Application of assessment tool to analyse interaction patterns, parenting styles and power dynamics within the families. |
| CO4 | Acquire skills to mobilise family centred psycho-social services for families in various settings. |

COURSE OVERVIEW | MSW

History and Philosophy of Social Work

Course Overview

Program Outcomes

PO1

Graduates will develop a critical and interdisciplinary understanding of social structures, inequalities, and systemic challenges, enabling them to design and implement effective social work interventions.

PO2

They will apply advanced social work theories, frameworks, and evidence-based practices to engage with individuals, families, groups, and communities at micro, meso, and macro levels.

PO3

Graduates will demonstrate professional competencies in clinical social work, community organization, policy advocacy, and participatory development, addressing diverse social issues.

PO4

They will uphold ethical principles, social justice, and human rights in their professional practice, ensuring dignity, inclusivity, and accountability in all interventions.

PO5

Graduates will integrate research methodologies, policy analysis, and program evaluation to enhance the effectiveness of social work interventions and contribute to knowledge production in the field.

PO6

They will critically assess and influence social policies, welfare programs, and governance structures to advocate for legislative reforms and rights-based approaches for marginalized communities.

PO7

Graduates will develop leadership, entrepreneurial, and management skills to design, implement, and sustain social initiatives, working collaboratively with multidisciplinary teams and stakeholders.

Course Outcomes

- | | |
|-----|---|
| CO1 | To remember the historical Context and evolution of social work globally and in India |
| CO2 | To understand the ideological foundations of social work. |
| CO3 | To analyze philosophical traditions, including eco-humanism, in the context of social work. |
| CO4 | To apply self-care strategies for maintaining personal and professional balance. |

COURSE OVERVIEW | MSW

Introduction To Social Sciences

Course Overview

Program Outcomes

PO1

Graduates will develop a critical and interdisciplinary understanding of social structures, inequalities, and systemic challenges, enabling them to design and implement effective social work interventions.

PO2

They will apply advanced social work theories, frameworks, and evidence-based practices to engage with individuals, families, groups, and communities at micro, meso, and macro levels.

PO3

Graduates will demonstrate professional competencies in clinical social work, community organization, policy advocacy, and participatory development, addressing diverse social issues.

PO4

They will uphold ethical principles, social justice, and human rights in their professional practice, ensuring dignity, inclusivity, and accountability in all interventions.

PO5

Graduates will integrate research methodologies, policy analysis, and program evaluation to enhance the effectiveness of social work interventions and contribute to knowledge production in the field.

PO6

They will critically assess and influence social policies, welfare programs, and governance structures to advocate for legislative reforms and rights-based approaches for marginalized communities.

PO7

Graduates will develop leadership, entrepreneurial, and management skills to design, implement, and sustain social initiatives, working collaboratively with multidisciplinary teams and stakeholders.

Course Outcomes

- | | |
|-----|---|
| CO1 | To Identifying differences between social sciences and natural sciences. |
| CO2 | To Understanding the application of sociology in social work practice. |
| CO3 | To Analyzing the role of culture and social institutions. |
| CO4 | To Using concepts of democracy and electoral processes in social work strategies. |

COURSE OVERVIEW | MSW

Rural and Urban Community Development

Course Overview

Program Outcomes

PO1

Graduates will develop a critical and interdisciplinary understanding of social structures, inequalities, and systemic challenges, enabling them to design and implement effective social work interventions.

PO2

They will apply advanced social work theories, frameworks, and evidence-based practices to engage with individuals, families, groups, and communities at micro, meso, and macro levels.

PO3

Graduates will demonstrate professional competencies in clinical social work, community organization, policy advocacy, and participatory development, addressing diverse social issues.

PO4

They will uphold ethical principles, social justice, and human rights in their professional practice, ensuring dignity, inclusivity, and accountability in all interventions.

PO5

Graduates will integrate research methodologies, policy analysis, and program evaluation to enhance the effectiveness of social work interventions and contribute to knowledge production in the field.

PO6

They will critically assess and influence social policies, welfare programs, and governance structures to advocate for legislative reforms and rights-based approaches for marginalized communities.

PO7

Graduates will develop leadership, entrepreneurial, and management skills to design, implement, and sustain social initiatives, working collaboratively with multidisciplinary teams and stakeholders.

Course Outcomes

- | | |
|------------|---|
| CO1 | Recalling definitions and key concepts related to rural, tribal, and urban communities. |
| CO2 | Understanding the impact of geographical and socio-cultural diversities on community development. |
| CO3 | Analyzing rural-urban disparities and their socio-economic implications. |
| CO4 | Applying participatory planning methods in rural and urban development. |
